

Accidental Dismemberment Benefit (Rider UIN:107C006V02)

If the member suffers from a dismemberment listed below and the Policyholder/Nominee proves the same to the satisfaction of the Insurer, a percentage of this benefit, will become payable. The percentage payable depends upon the type of dismemberment and is hereinafter stated in the Scale of Dismemberment Compensation. This benefit will be subject to the following:

- This benefit is payable in respect of the member alone. The person must be a member as defined and must be covered under this benefit on the day of the accident.
- The Basic Life Cover Benefit is in full force on the day of the accident.
- This benefit is in full force on the day of the accident.
- The member is alive 24 hours after the accident.
- The member is willing to be examined by Medical Examiner(s) nominated by the Insurer.
- The member has sustained any bodily injury directly and solely from the accident, which has been caused by external/outward, violent and visible means and the injury is independent of all other causes.

A member may claim separately for dismemberment benefits where:

- The accident results in several forms of dismemberment
- More than one accident results in dismemberment

However, the total percentage dismemberment benefits paid for a single member, while covered under this policy, cannot exceed 100% of the Accidental Dismemberment Benefit Sum Assured. When the total payments made from time to time under this benefit become equal to 100% of the benefit sum assured, this benefit shall automatically cease.

This benefit will not be payable if the dismemberment due to accident takes place in the following circumstances :

- Self inflicted injuries, attempted suicide, insanity, immorality, committing any breach of law or being under influence of drugs, liquor etc.
- When the member is engaged in aviation or aeronautics other than as a passenger on a licensed commercial aircraft operating on a scheduled route.
