To support you in achieving the dreams and aspirations of your family, Kotak Life Insurance presents Kotak Premier Moneyback Plan a savings and protection plan that provides lump sum payouts at regular intervals to meet your interim financial requirements and provide the best to your family.

# How Does the Plan Work?

Kotak Premier Moneyback Plan is a participating savings cum protection plan which provides lump sum cash payouts at regular intervals depending on the Policy Term and Basic Sum Assured chosen. Your savings will grow with yearly declared Reversionary Bonuses and lump sum maturity addition to be paid out on maturity. The plan also provides an additional cover for death due to accident, thus providing you with superior life protection.

## Regular Payouts<sup>3</sup>

This plan provides you with regular cash backs as percentage of the Basic Sum Assured (BSA) at equal intervals depending on the policy term chosen. The balance Sum Assured is paid out at maturity. The table below illustrates the Regular payouts at specific frequencies subject to all the due premiums paid:

Policy Term	Payouts at the end of the year (as % of Basic Sum Assured)			
16 years	4 <sup>th</sup> year	8 <sup>th</sup> year	12 <sup>th</sup> year	16 <sup>th</sup> year (Maturity payout)
	20%	20%	20%	40%
20 years	5 <sup>th</sup> year	10 <sup>th</sup> year	15 <sup>th</sup> year	20 <sup>th</sup> year (Maturity payout)
	20%	20%	20%	40%
24 years	6 <sup>th</sup> year	12 <sup>th</sup> year	18 <sup>th</sup> year	24 <sup>th</sup> year (Maturity payout)
	20%	20%	20%	40%

## Maturity Addition

Along with the maturity payout a lump sum Maturity Addition will also be given for in-force policies. Maturity Additions will be as a percentage of the Basic Sum Assured and will vary depending on the Policy Term.

Policy Term	16 year	20 year	24 years
Maturity Addition (as % of Basic Sum Assured)	10%	20%	30%

Thus, total guaranteed payouts (for in-force policies) over the term of the policy will be 110% of SA, 120% of SA & 130% of SA for policy terms of 16 yrs, 20 yrs & 24 yrs respectively.

# Terms and Conditions

## 1. Bonus:

- **Simple Reversionary Bonus:** At the end of each financial year the company may declare a bonus expressed as a percentage of the Sum Assured. These bonuses will accrue from 1st year onwards throughout the policy term and will be payable either on maturity or on death.
- **Interim Bonus:** In the event of a claim, mid-way through a financial year or before declaration of the Simple Reversionary Bonus for the Financial Year in which such a claim is intimated, an interim bonus (if applicable) may be payable at such a rate as may be decided by the Company. This bonus will apply to the part of the policy year<sup>#</sup> for which bonus has not been allotted in the earlier Financial Year (i.e. the bonus will apply to the period since bonuses were last declared). <sup>#</sup>Policy Year means the period from the last policy anniversary date (or the date of commencement for the first year) up to the next policy anniversary date.
- **Terminal Bonus:** The Company may decide to pay Terminal Bonus on Death subject to the condition that premiums have been paid in full and as scheduled for 10 policy years. This bonus will be payable along with Maturity Benefit and shall be a percentage of the Sum Assured. Terminal Bonuses will not be payable on policies which have been made Reduced Paid-Up or surrendered.

## 2. Annualized Premium:

It refers to the amount of premium payable by the Policyholder in a year excluding Goods and Services Tax & Cess, Rider Premium, Extra Premiums and Modal Factor Loading, if any, e.g. If the policyholder is paying Half-yearly premium of ₹ 51,000 then the Annualized Premium will be ₹ 100,000 (51,000 / modal factor of 51%) and loading will be [Rs. 51,000 X 2 – (Rs. 51,000/51%)] i.e. Rs 2,000.

3. If the Life Insured is minor, the Policyholder should ensure that the Regular Payouts (survival benefits) received while the Life Insured is still a minor, is used for the benefits of the minor life.

## 4. Death Benefit:

Following are some additional conditions pertaining to death benefit:

- If the death occurs during grace period, the due unpaid premium and the balance of the premium for that policy year (if any) will be deducted from the death benefit;

**8. Lapses:** Policy shall lapse if premiums for the first two policy years are not paid within the grace period. In the event where a policy has been lapsed, no further benefits shall be payable under the policy

**9. Policy Revivals:** A lapsed / Reduced Paid Up policy can be revived within five years from the due date of the first unpaid premium or end of policy term, whichever is earlier.

- The revival can be done without evidence of good health on payment of the outstanding premiums with handling charges (currently 9% p.a. of outstanding premiums), if the payment is made within six months. Thereafter to revive the policy, evidence of good health would be required along with payment of the outstanding premiums with handling charges (currently 9% p.a. of outstanding premiums). Extra premiums may be required based on the underwriting decision.

On Surrender, all benefits will fall away and the policy will terminate. The surrender value will be paid out as a lump sum benefit.
